Puppy Application

Please provide your name, address, and contact information:

Name: _____

Street Address: _____

City, State, Zip Code: _____

Telephone: _____

Email: _____

Please tell us a little bit more about your family:

Do you live with anyone? A spouse, partner, or roommate? What is his or her name?	
Do you have children at home? What are their names and ages?	
Do you have other household members? Please include grandchildren or neighbor's children that visit regularly.	
Is anyone home during the day? How long will the puppy be home alone for?	
Do you travel a lot? If yes, what will you do with the puppy? Will it go with you, be boarded, or stay with family or friends?	
Do you have other pets? How many and what kind?	
Have you had a dog before? When and what breed? How did it die?	
Rate your family's activity level on a scale of 1-10, where 1 is a stay-at-home couch potato and 10 is a tri-athlete. Please explain. Please answer with consideration. From your answers I will learn at least two things: 1. how your dog will get exercise, and 2. what activity level may be appropriate for your family. (E.g., do you jog daily, climb mountains on weekends? Do you play soccer or just watch a game once a week? Do you have a swimming pool? Do you go to the lake/ocean all summer? Do you hunt? Bicycle? Cross-country ski?)
